Upcoming Events

11/13- Schmitt Woodland Hills Pie Competition-
Help us bring back a Schmitt Woodland Hills tradition! Bake a pie and enter it into our revived Pie Competition. If baking isn't your thing, that's okay! Everyone is welcome to join us, enjoy some delicious homemade pies, and cheer on the participants. We hope to see you there!

12/4-Tree of Continued Caring
Each year, we gather at Schmitt Woodland Hills to honor and remember the loved ones who hold a special place in our hearts. You can purchase a light bulb on our Tree of Continued Caring in honor or memory of someone special. We will come together for the tree lighting ceremony and share memories as we celebrate the lives of those we love.
Light bulbs are $5 each. Light bulbs are for sale now until the event. You can purchase them in person at Schmitt Woodland Hills or print the form from our Facebook page and mail it in with your payment.

Schmitt Woodland Hills Updates

We are proud to share that Schmitt Woodland Hills has maintained our 5-Star Overall Quality Ratingand earned the CMS High-Performing Nursing Home Trophy!

This recognition highlights our commitment to quality care, strong staffing, and providing the best possible experience for our residents. Last week, we celebrated with some well-deserved cupcakes and the incredible team that made this achievement possible!

Current Project

Schmitt Woodland Hills is raising $20,000 to replace the resident lifts in our Health Center, helping ensure the safety, comfort, and dignity of our residents while providing caregivers with the equipment they need to deliver quality care. Although our current lifts are still functional, we want to be proactive and replace them before unexpected breakdowns occur. The project will be completed in two phases, with $10,000 raised to replace the lifts on each floor. Our goal is to complete the first phase at the beginning of the new year. Every donation brings us one step closer to providing safe, reliable equipment for our residents and caregivers.
